ROYAL VELOX

A new paper with all the Velox simplicity but coated on a mellow toned stock that adds breadth and softness to the picture.

When sepia toned, with Velox Re-Developer, Royal Velox has the delicacy and charm of an old etching.

Arequipa Peru

Have spent the forenoon walking about Arequipa. It is picturesque & jolly & the people are the ways and arts are changing from the fine picturesque old to the low down new. Made 7 exposures of Kodak on the & overlooking river, seen only half showing. The river is bordered by high banks & lined by big blue boulders on green & swampy ground with water comes in. In the afternoon the news show a reprint of a soldier bathing & old mishi in clothes.
